

Tel Aviv University Academic Reference Form

All references must be written in English

PART I: Applicant Information (to be completed by the applicant)

To the Applicant: Please complete the below applicant information prior to giving to your requested academic reference. This form must be completed by a professor or instructor with whom you are currently studying with or with whom you have recently studied with in the past. Academic references should be from university level courses except in the case of Gap Year or Gap Semester applicants in which case secondary school (high school) academic references are acceptable.

Special Note for Graduate Students/MA Applicants: Please provide us with academic references from the most recent faculty or professor you had. We understand that in the case of applying to an MA program, this may be difficult due to the gap in studies between Undergraduate and Graduate studies. We ask that you do everything possible to provide at least one academic reference; if that's not possible, relevant professional references will be accepted.
